

## USB Brasilia KB005

**USB Brasilia** is a promotional USB flash drive in the shape of a T-shirt, extremely thin and customizable on both sides.

### FEATURES:

- **T-shirt shaped design**
- **Digital Full-Colour printing on both sides**
- **Full printable surface**
- **Retractable USB connector**

**USB Brasilia** is a USB flash drive in white plastic, characterized by its exclusive design in the shape of a T-shirt, a weight of only 5 grams and ultra-thin dimensions thanks to the **Chip On Board (COB)** technology. COB means that the silicon chip is placed directly to the substrate of the USB, providing a robust shockproof and greater resistance to water and dust.

**USB Brasilia** is fully customizable on both sides with digital full-colour printing, allowing the use of bright colors.

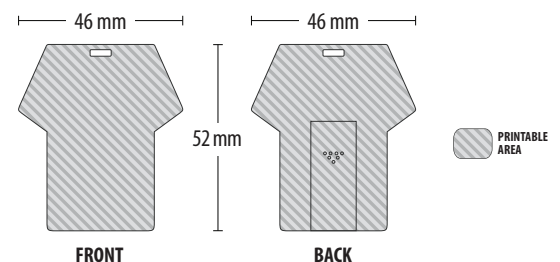

The chip opens via a sliding button. It is also equipped with a connection for accessories such as keyrings and lanyards.
